

# AGENTS

Welcome to **NextHome Town & Country**,

I am glad you have decided to come see what our company is all about.

At the franchise level we have a dynamic team that is constantly pushing the envelope on how to provide more tools to our agents so that they can become more successful. [www.nexthome.com](http://www.nexthome.com)

**CHRISTINE DWIGGINS**

VICE PRESIDENT OF MARKETING & EVENTS

Christine is the Vice President of Marketing & Events for NextHome, Inc., and is no stranger to real estate marketing.

*"The NextHome brand speaks directly to what we do. It represents forward motion, progress and transition. The meaning and culture of our company is represented in every element of our logo and design. It's been designed to elevate our marketing and support our excellent service without any compromise!"*

I have been in the real estate business for over 16 years and have closed over 700 transactions here in California. I am a very hands on broker and mentor all of my agents directly. We won **BEST Real Estate Office, Best Real Estate Team and Best Real Estate Broker** in Brentwood for 2014 & 2015 which is a great testimony to our service and devotion to all our clients.

About three years ago we made the decision to go **Paperless**. Today we have a paperless transaction mgmt system called DocuSign Transaction Rooms. Our agents and I can interact with each other during the whole course of a transaction from remote locations. In addition to that system every agent has a **Free DocuSign eSignature platform** and a dedicated **eFax** at their disposal.

All of our agents have competitive splits and the possibility of going 100%, providing unlimited commission potential. Our franchise fees are one of the lowest in the business. We are proud to have a very productive office with a friendly, family type atmosphere. ~ **Anthony Pigati – Broker owner**

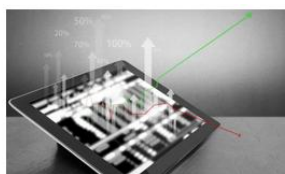

**Here are some of the tools you have access to when joining our franchise**

- Free personal **Website** and Hosting that is also mobile ready!
